

ASIAN AMERICAN ARCHITECTS/ENGINEERS FOUNDATION & ASSOCIATION PRESENTS:

A/E/C CAREERS EXPLAINED SERIES

Are you curious about what it's like to work in the Architecture, Engineering, and Construction industry? Join us in this series of five webinars and gain insight from professionals in the field. Each webinar will focus on a discipline and dive into the different career trajectories. An overview of the typical project roles within an AEC team will also be provided.

NEXT WEBINAR:

BUILDING ENGINEERING
JULY 13, 2021
5:30 PM - 7:00 PM (PST)

FUTURE WEBINARS:

CIVIL ENGINEERING:	AUGUST
CONSTRUCTION:	SEPTEMBER
AEC PROJECT TEAM:	OCTOBER

TICKETS NOW OPEN FOR REGISTRATION:

AAa/e Member: Free

Student/Recent Grad Non-Member: (\$8)

Sign up to be an AAa/e member. Once a member, registration for the event will be free. Visit aaaesc.org/membership_join to become an AAa/e member.

A/E/C CAREERS EXPLAINED: BUILDING ENGINEERING

JULY 13, 2021 | 5:30 PM - 7:00 PM

Moderator

Jason Yang

Associate, PE
Thorton Tomasetti
Commercial protective design
engineering and government
research

Mechanical

Nick Tuong

Construction Engineer
UMEC Inc.
HVAC, manufacturing, and
prototyping

Mechanical/
Energy

Amanda Shade

Director, PM Development
ACCO Engineered Systems
Project management and
engineering of commercial
HVAC projects

Plumbing

Jon Robertson

Senior Mechanical Engineer, PM
Glumac
HVAC systems, plumbing systems,
energy/water analysis &
sustainability

Structural

Matt Barnard

Principal
Degenkolb Engineers
Structural engineer in healthcare,
higher education, and seismic
retrofit projects

Electrical

Brian Kewo

President & Founder
Kewo Engineering
Electrical engineer specializing in
high-voltage engineering projects
