San Bernardino Community College District

Program Description:

In a region as large and urbanized as LA County, many of the most pressing sustainability issues are best solved using a regional approach through collaboration across city and county boundaries. Hear from the Sustainability and Innovation Officer of LA County Public Works on how LA County is visioning and implementing its Sustainability projects, programs, and services. The County of Los Angeles Public Works, Strategic Planning and Sustainability Office provides comprehensive and coordinated policy support and guidance for the Board of Supervisors, County Departments, the unincorporated areas, and the region to make our communities healthier, more livable, economically stronger, more equitable, more resilient, and more sustainable.
